30th September 2020

Dear Parent/Carer

We are aware that a number of students currently cycle to and from school each day. At Winterstoke Hundred we want to ensure that students' property is as secure as possible both in school and at home.

In order to help students keep their bike secure in school they need to be locked with a bike lock when they are left in the bike shelters. To reduce the risk of their bike being stolen we have arranged for the local police to come in and mark them. These details will then be stored on a central register at www.bikeregister.com. Their bike will be security marked to show that it is on a register and to act as a deterrent for thieves. Should their bike be stolen the register will increase the chances of their bike being returned to them. Please see the attached flyer which gives details of the scheme.

This free event will take place after school by the bike sheds at 3.00pm on 6th October 2020. To take part students will need the following information:

- Frame number (usually found under the frame near the centre where the pedals are located)
- Email address that they wish the bike to be registered to (this can be yours or your child's email)

We hope that students who need to, will take advantage of this service to help to keep their property secure.

Yours sincerely
