

# Summer Discovery Workshops

## What is a discovery workshop and how can I book?

A Discovery Workshop is a bitesize session which enables live employer interaction with large groups of young people virtually, aged 11-13 or 14-19, via our Google Meet platform within a classroom setting or whole year groups.

Teachers can book these opportunities for groups of 5+ students using our online [form](#) 

12th July

### Digital forensics

Join in our Discovery session to uncover the facts behind the mystery. Find out how digital forensics helps to bring criminals to justice!

12th July

### Accountancy

In the session your students will hear from several of our current trainees for a Q&A session, and provide an overview of the types of work they could do.

14th July

### Rail industry

Understand how light rail provides sustainable public transport solutions to help communities connect and give local people access to work.

**Harper Adams**  
University

14th July

### Working with animals

Join this session and your students can find out how to start a career working with animals and courses available.

20th July

### Charity sector

Join for us for this workshop to find out more about the role available in the charity sector, volunteering opportunities and the services provided by Living Well.

## What can I expect from a Discovery Workshop?

Employers will deliver a variety of light touch content about their organisation, sector, career pathways, job roles and hot topics – including presentations, video content, panel discussions, virtual workplace tour, Q&A sessions. All workshops are designed to deliver Gatsby Benchmark 5 and some also support curriculum learning and contribute to GBM4. Employers will tailor content to the age group specified in the advert so that teachers can choose the right option for their students.

Teachers will stream the session to their group of students on the day and should engage their students in the Q&A opportunities with the employer.
